

Alexandria Gazette

VOLUME CVI.—NO. 80.

ALEXANDRIA, VA., WEDNESDAY EVENING, APRIL 5, 1905.

PRICE 2 CENTS.

The Song of the Cradle.

Bye, bye! Hope rises high,
There's a sweet little cry,
A dear little life that is
The love of a mother's eye.
Two soft chubby hands
That will pat and caress;
Pure little soul
That will glow with bliss;
A darling to care for,
A baby to love.

One of the
greatest
agencies
which enlighten
Science has discovered
to relieve
motherhood
from excessive
suffering is the
"Favorite"
Prescription
devised by Dr.
R. V. Pierce,
chief consulting
physician of
the Invalids
Hotel and
Surgical Institute,
of Buffalo, N. Y.

This wonderful "Prescription" imbues
the entire nervous system with natural,
healthy vitality; gives elastic vigor to
the delicate organism specially concerned
in motherhood, and makes the coming
of baby entirely free from danger and
almost free from pain.

"I wish to state that I have used Doctor
Pierce's Favorite Prescription with very good
results," writes Mrs. Kate M. Annis of
New Hampshire. "Had been in poor
health for over four years and had been
twice in hospital. I had been told that
some of your 'Favorite Prescription' and it
has carried me easily through my last two
confinements. We are now blessed with two
healthy children, and I am sure your medi-
cine has done no more than all the
other treatment I have ever received."

BAD HEADACHES generally arise from bad stomach-
action. Food, breath, bitter
taste, coated tongue, sour
eructations, etc., are common symptoms
though not all present in
every case. To cure, take
small doses only one or two
each day of old Dr. Pierce's
Pleasant Pellets, the Original
Little Liver Pills, first put up by him over
40 years ago. One of two a laxative, three or
four cathartic.

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where
Dandruff is Eradicated.

Sealskin is admired the world over for
its softness and glossiness; and yet the
human hair is equally as soft and glossy
when healthy; and the real cause of all
hair trouble is dandruff, which is caused
by a pestiferous parasite that saps the
vitality of the hair at its root. Newbro's
Hepicid is the only preparation that is
fatal to the dandruff germ. It kills the
dandruff without in any way interfering
with the growth of the hair, soft hair is cer-
tain. Scouring the scalp won't cure dandruff.
Kill the dandruff germ. Thousands
of women owe their beautiful locks
of hair to Newbro's Hepicid. Sold by
leading druggists. Send \$1. in stamps to
The Hepicid Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy
Stovall, of Tilton, Ga.,
said after taking
Kodol Dyspepsia
Cure. Hundreds
of other weak
women are being
restored to perfect
health by this rem-
edy. YOU may be
well if you will take
it.

Indigestion causes
nearly all the sick-
ness that women
have. It deprives the system of nourish-
ment and the delicate organs peculiar to
women suffer—weakens, and become
diseased.

**Kodol
Dyspepsia Cure**

enables the stomach and digestive organs
to digest and assimilate all of the whole-
some food that may be eaten. It nourishes
the body, and rebuilds the weak organs,
restoring health and strength. Kodol cures
indigestion, constipation, dyspepsia, sour
rinsing, belching, heartburn and all stomach
disorders.

Digests What You Eat

Southern Industrial Parliament.

Preparations are being made for the
meeting of the Southern Industrial Par-
liament, which will assemble in Wash-
ington on May 23 and continue until the
30th. It will be composed of delegates
appointed by the governors of the Southern
States, and will include mayors of
cities, representatives of boards of trade,
boards of health and banks, railroad
presidents, planters and manufacturers.
The object of the meeting is to formulate
plans for the development of the material
resources of the Southern States.

The advantages of a Southern indus-
trial convention in the city of Washing-
ton was a matter of discussion among
Southern representatives in Congress
during the past winter. The matter
finally took shape in an address to the
governors of the Southern States signed
by a number of Southern congressmen
setting forth that "a Southern industrial
parliament at the national capital would
give wide advertisement to the advan-
tages afforded in the Southern States for
profitable investments."

This address was submitted to the ex-
ecutives of the Southern States, and Gov-
ernors Montague, of Virginia; Glenn, of
North Carolina; Dawson, of West Vir-
ginia; Heyward, of South Carolina;
Terrell, of Georgia; Jelks, of Alabama;
Broadway, of Florida, and Blackchard, of
Louisville, replied, expressing a willing-
ness to send delegations from their
respective States. Acceptances from
other governors are expected. Governor
Glenn will be present.

Secretary Wilson, of the Agricultural
Department, has promised that his de-
partment will contribute any facts in its
possession that may be desired by the
convention. A letter of similar import
has been received from Secretary Mc-
Caff, of the Department of Commerce
and Labor.

In addition to the mining, manufactur-
ing, lumbering, agricultural and trucking
industries, reports will be made upon
public health and sanitary environment
of the South. Delegates from State boards
of health and State medical societies will
be present. Dr. Walter Wyman, surgeon
general of marine hospital service, has
consented to place the statistics and other
data of his bureau at the disposal of his
Southern medical conference in the parlia-
ment. The parliament's proceedings will
be reported by special correspondence
in London, Paris, Berlin, Glasgow,
Vienna and Brussels.

Hilary A. Herbert, ex-secretary of the
navy, will be chairman of the recep-
tion committee.

Reduced railroad rates from all points
south of the Potomac and Ohio and east
of the Mississippi rivers have been ob-
tained, including Louisiana, Texas and
Arkansas. Reduced hotel rates on the
American plan have been secured for all
delegates. Additional information will
be promptly forwarded to all parties in-
terested in the development of the ma-
terial resources of the Southern States
by addressing Southern Industrial Parlia-
ment, the Biggs House, Washington,
D. C.

Noted Missionary Dead.

Bishop Favier, of the Lazarist Mission,
died in Peking yesterday. He had re-
sided in China for 40 years.

Bishop Favier was a native of France
and a member of the Congregation of
the Mission, or Order of Lazarist Fathers.
During the Boxer trouble of 1899
Bishop Favier proved himself a hero. All
summer he was desperately besieged in
the Peking, the north cathedral of
Peking. The bishop laid in supplies of
his own. He brought rifles and ammu-
nition for some of his converts and pre-
pared to defend himself. Then at last
they got 30 French guards, with 2 offi-
cers and 10 Italians. This was the whole
band. They were and 2 priests, three
nuns and 42 guards, with about 2,000
native converts huddled in the huts
around the grounds. The Chinese at-
tacked them at night and day and bat-
tered the face and east wall of the beau-
tiful cathedral almost to pieces with their
shell fire. From the north and west
they could not attack so fiercely for fear
of firing over into the Forbidden City
just beyond. Once the Chinese exploded
a mine they had laid under the corner
of the lines held by the little garrison.
It killed nearly 300 of the converts, men
women and children. The venerable
bishop and his heroic band were not re-
lieved until August, when the allies en-
tered the city. Besides his religious
work, he had not a little to do in allay-
ing the periodical outbreaks against
foreigners and in bringing about a better
understanding between the Chinese govern-
ment and the governments of Europe.
He negotiated the concordat between the
Chinese government and the Vatican
whereby Catholic prelates were given
official recognition in China.

New Cure For Cancer.

All surface cancers are now known to be
curable by Bucklen's Arnica Salve. Jas.
Walters, of Duffield, Va., writes: "I had a
cancer on my hip for years; that seemed in-
curable, till Bucklen's Arnica Salve healed
it and now it is perfectly well." Guaranteed
cure for cuts and burns. 25c at E. S. Lead-
beater & Sons' drug store.

The Right Name is DeWitt.

DeWitt's Witch Hazel Salve cures, soothes
and heals cuts, burns, boils, bruises, piles
and all skin diseases. K. E. Ziehefuss, Adolph
W. W. says: "My little daughter had white
swelling on her leg. DeWitt's Witch Hazel
Salve cured her." It is the most wonderful
healing salve in the world. Beware of coun-
terfeits. Sold by W. F. C. Croighton & Son,
924 Queen street.

Cure For The Blues

ONE MEDICINE THAT HAS NEVER FAILED

Health Fully Restored and the Joy of
Life Regained

When a cheerful, brave, light-hearted
woman is suddenly plunged into the
perfection of misery, the BLUES, it is
a sad picture. It is usually this way:
She has been feeling "out of sorts."

Mrs. Rosa Adams

for some time; head has ached and
back ached; has slept poorly, been quite
nervous, and nearly fainting once or
twice; head dizzy, and heart-beats very
fast; then that bearing-down feeling,
and during her menstrual period she is
exceedingly despondent. Nothing
pleases her. Her doctor says: "Cheer
up; you have dyspepsia; you will be
all right soon."

But she doesn't get "all right," and
hope vanishes; then come the brood-
ing, morbid, melancholy, everlasting
BLUES.

Don't wait until your sufferings have
driven you to despair, with your nerves
all shattered and your courage gone.
But take Lydia E. Pinkham's Vegeta-
ble Compound. See what it did for
Mrs. Rosa Adams, of 1913 12th Street,
Louisville, Ky., niece of the late Gen-
eral Roger Hanson, U.S.A. She writes:
Dear Mrs. Pinkham:—

"I cannot tell you with pen and ink what
Lydia E. Pinkham's Vegetable Compound
has done for me. I suffered with female
troubles, extreme lassitude, the blues,
nervousness and that all-gone feeling. I was
advised to try Lydia E. Pinkham's Vegetable
Compound, and it not only cured my female
derangement, but it has restored me to perfect
health and strength. The buoyancy of my
younger days has returned, and I do not suf-
fer any longer with despondency, as I did be-
fore. I consider Lydia E. Pinkham's Vegeta-
ble Compound a boon to sick and suffering
women."

If you have some derangement of
the female organism write Mrs.
Pinkham, Lynn, Mass., for advice.

Taking Desperate Chances.

It is true that many contract colds
and recover from them without taking
any precaution or treatment, and a
knowledge of this fact leads others to
take their chances instead of giving their
colds the needed attention. It should
be borne in mind that every cold weak-
ens the lungs, lowers the vitality, makes
the system less able to withstand such
succeeding colds and paves the way for
more serious diseases. Can you
afford to take such desperate chances
when Chamberlain's Cough Remedy,
famous for its cure of colds, can be had
for a trifle? For sale by Gibson & Tim-
berman and W. F. Croighton & Co.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—
Mrs. Winslow's Soothing Syrup has been
used for over sixty years by millions of
mothers for their children while with
perfect success. It soothes the child,
softens the gums, allays all pain, cures
colds and is the best remedy for the
teething troubles. Sold by druggists in
every part of the world. Twenty-five cents
a bottle. Its value is incalculable. Be sure
and ask for Mrs. Winslow's Soothing Syrup
and take no other kind.

**ORRINE CURES WHISKY
AND BEER HABIT.**

Orrine removes the craving for whiskey,
beer or other alcoholic stimulants. The
patient soon loses all desire for drink, his
nervous system, which was formerly a wreck,
is soon restored to its normal condition,
and the craving for liquor is gone without
the slightest knowledge of the patient. Orrine
No. 2 is in pill form for those who desire to be freed from the
drunkenness. Either form \$1 per box, or
six boxes for \$5, mailed sealed by the Orrine
Company, Inc., Washington, D. C., who
guarantee to cure the craving for liquor or
refund the money. Write for a complete
treatise on "drunkenness," mailed free in plain,
sealed envelope.

WEDNESDAY EVENING, APRIL 5, 1906.

IN HIS SPEECH at Spotsylvania C. H. on Monday Governor Montague said:

Senator Martin had never made a public speech, never written a public article and had never held a public office, when he had elected Senator; that General Hinton was displaced by the inexperienced and the unknown; that he challenged Martin to meet him in debate to show the people of Virginia what he had done; he has not originated any measure of importance and has not supported any except by his vote. There is no need for parliamentary form in the Senate. Human liberty has never been perfected by silence. It requires that a man should sleep in the open and work in the open. This Senator Martin has done. We do not need a press and department runner in the Senate, but we need a Senator. If a clerk or a department runner were needed, he could be secured for less than \$5,000 a year.

This manner of speech was not expected by the friends of Governor Montague; it was undignified and without force with thinking men and ere long he will find out his mistake. The greatest claim Senator Martin has upon the people of the State is that he has let others do the talking while he did the work, and the man who says that Senator Martin has not been one of the most useful and valuable representatives Virginia ever had in the Senate, simply does not know what he is talking about.

SENATOR MARTIN'S friends in this city, presumably the Senator's knowledge and approval, have decided not to organize a Martin club here. This is sensible and will doubtless be approved of by the supporters of Senator Martin who, it is risky nothing to say, are largely in the majority in Alexandria. Politics is being run into the ground and people are getting tired of politics all the time. If there are Martin clubs, there will be Montague clubs; then Swanson, Willard, Mann, Oton, Ellyson, Bland, Anderson and other clubs all the way down the line, which would in time become nauseating. Senator Martin is a tried and true democrat and will submit his name for a return to the Senate to the democratic voters of the State in a friendly contest, at the same time avoiding all means or methods that might in the slightest degree cause petty factional differences or ill feeling in his party. Rival clubs in the same party are bound to bring about discussions and a house divided against itself must fall.

THE provisions of the Santo Domingo treaty, it is said in Washington, will be executed as soon as possible. The fact that the Senate has not acted upon it will not restrain the administration. Unofficial action has already been taken looking to the appointment of an international commission to adjudicate the claims against the Dominican government. It is assumed that every claim pending has been swelled to enormous proportions, with the idea that there is to be a general looting of the Dominican treasury. The American claims are no exception to the assumption. It is asserted that the cash actually invested in Santo Domingo by the Santo Domingo Improvement Company amounted to only \$1,500. On that investment the company has received an arbitral award amounting to substantially \$4,500,000. The arbitration was merely as to how the claim should be paid.

THERE is said to be some guessing in Washington as to the amounts which Messrs. Morgan, Treat, Park, Agnew and other deposed federal officers, as well as Wray, Knight, Brown, Allen, Asa Rogers and others, whose heads are to be cut off, will contribute to the fund the republicans propose to raise through Mr. Slem's 5 per cent. assessment circular, and use in fulfilling the promise made the President that the Governor of Virginia to be elected this fall shall be a republican. Well, the Bible teaches that when your enemies smite you on one cheek you must turn the other, but there are few who believe that this injunction applies to politics—and Messrs. Agnew, Treat and the other deposed officeholders are human.

ENEMIES of Joseph Leiter are now suspected of having caused the explosion in the mine at Zeigler, Ill., Monday, causing the death of 35 men. Former State Mine Inspector Evans Johns finally succeeded yesterday in making a tour of the mine, but was taken out almost dead. He has given out a statement that the explosion was not caused by gas, but was a powder explosion, just south of the main hoisting shaft. Most people will prefer to believe that the explosion was the result of an accident and was not caused by Mr. Leiter's enemies, as it is to be hoped that no class of men are so devoid of humanity as to perpetrate such a deed.

FOUR STATES—Ohio, Kentucky, Indiana and Illinois—were passed over by Mr. Roosevelt yesterday, with a two-hour stop at Louisville, where he delivered a notable address upon the unity of the nation, received a rebel yell,

participated in a parade and was presented with several handsome Lincoln memorabilia. It is useless to deny the President's popularity among the masses and his trip through the southwest seems to be a triumphant tour.

GERMAN MEDICAL experts affirm that excessive mental and bodily exertion, as well as lack of food and uncleanliness, predispose to attacks of meningitis. In other words, nature's laws must be obeyed, or the penalties will be inexorably inflicted—a fact of which, by this time, humanity ought to be aware. The doctors sometimes may get a stay of proceedings, but rarely a reprieve, for the patient who has ignored these laws.

THE results of official food tests have been so widely published that intelligent and well-to-do consumers may be able to avoid certain fraudulent articles. But the great majority, after all, are virtually compelled to buy what is offered. Dishonesty in the manufacture of food products is deserving of more general and drastic punishment than it is, unfortunately, is likely to incur.

It is understood that Secretary Taft is the administration preference for the presidency at the end of the present term. What the secretary is "sitting on the lid" for the next sixty days, says the Philadelphia Record, the country will have an opportunity to take his gauge.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., April 5. "Asia for the Asiatics?" "The Philippines for the Filipinos?" "Japan as the conservator of a Monroe doctrine for the far East?" these are the cries adopted by the Hong Kong Junta of Filipinos, irreconcilables who make their homes in Hong Kong and refuse to revisit their native shores. Interesting news dealing with the recent activity of the Junta has been in communication with prominent Japanese in the Mikado's country in order to sound their sentiments. The purpose of the Junta is said to be a transfer of the islands to Japan, by either peaceful or warlike means. Peaceful means are first to be exhausted and the Junta urges Japan to begin negotiations with the United States for the purchase of the archipelago, promising success of such a plan because of the alleged disposition of a majority of Americans to get rid of the islands. The counter proposition looks forward to seizure of the Philippines under some pretext, after the termination of the war with Russia. Japan is exhorted to preserve Asia for the Asiatics and to promulgate a Monroe doctrine for that part of the world. In case of war, the Junta proclaims, the Filipinos themselves will be found fighting on the side of the Japanese. The members of the Hong Kong Junta are all well known to the American authorities, most of them having been expelled from Manila. The principal members are E. G. Romero, Mariano Ponce, Felipe Agoncillo, Sixto Lopez, Jose Maria Basa, Mariano Maruy, Pascual Ledesma and Francisco Dison.

Commissioner Garfield of the Bureau of Corporations left today for Topeka, Kansas, to begin the investigation of the Standard Oil Company's method in the Kansas oil fields. Before leaving he said it would be impossible to state the time necessary to complete the inquiry, because it is to be very thorough and details will not be sacrificed to haste. The preliminary work has been completed and the commissioner will find everything ready for him to take hold in person. Yesterday, Mr. Garfield got back from a very long fishing trip to the Gulf of Mexico.

Japanese Minister Takahira called on acting President Taft this morning to announce his early departure for the South. The minister's wound from his recent operation for appendicitis has been troubling him, and his physicians have advised a change of climate for a time. The minister told Mr. Taft that so far as he had been advised there were no new developments in the peace situation between Russia and Japan. His country had as yet received no official overtures for peace, but stood ready at any time to enter upon formal negotiations if requested by Russia.

The State Department received a message from Minister Powell at Port-au-Prince, Hayti, this morning, saying that it was reported there that the revolutionists had again become active at Monte Cristi in Santo Domingo. He adds that the Brooklyn, which was sent on his request to protect American interests in Hayti in event of an expected uprising, has proceeded to Monte Cristi to join Admiral Sigsbee at that port. Monte Cristi has been in control of the revolutionists for some time under arrangement of armed neutrality between them and the Santo Domingo government.

A. J. Lipscomb and Thos. M. Fields, indicted jointly for the alleged misappropriation of \$15,000 from the Washington Benevolent Endowment Association, appeared in court today. The Title Guaranty and Trust Company, of Scranton, Pa., qualified as Fields' bondsman. Mr. Lipscomb gave bond in the sum of \$5,000, W. W. Stewart becoming his surety. He will be arraigned on Friday.

The United States government, through Secretary of War Taft, has called upon the governments of France, Great Britain and Germany each to recommend a civil engineer to serve on the consulting board of engineers for the Panama canal.

The Belgian Minister has received no advice that his government will protest against the rectification arrangement for Santo Domingo, recently entered into between President Morales of that Republic and President Roosevelt.

Arguments were resumed today before the Interstate Commerce in the celebrated differential case, in which New York and Boston contend for the abolition of the freight rate differential in favor of Baltimore and Philadelphia. The rain of today considerably interfered with the attendance upon the cases at Benning but still a fair sized crowd was present.

Judge Wing Sustained.

Cincinnati, April 5.—Judge Wing's contention in the Chadwick case, that the filing of a writ of error in itself is a final judgment, was sustained in the United States Court of Appeals this morning.

News of the Day.

Thirty-seven bodies have been taken out of the Leiter mine at Zeigler, Ill.

The French Cable Company at Caracas, Venezuela, yesterday appealed from the decision of the president of the highest court to the entire court.

The democrats carried Parkersburg, W. Va., at the city election yesterday, electing the Mayor, one member of the Board of Affairs, the Collector and two Councilmen.

Three of the five Dutch sailors who had been imprisoned illegally in Venezuela for seven months, and against whose detention the government of the Netherlands had protested, have been released.

The five packages of letters taken from J. Morgan Smith and his wife in Cincinnati, and believed to have an important bearing on the Nan Patterson case, were delivered to District Attorney Jerome in New York.

It is now said that Vice-President James Hazen Hyde, of the Equitable Life Assurance Society, will turn the tables on President James W. Alexander and try to out him. Messrs. Hyde and Alexander gave out letters attacking each other.

THE ELECTIONS.

Judge E. F. Dunne, democrat, was yesterday elected mayor of Chicago over J. W. Harlan, republican, by nearly 25,000 majority. Both candidates interpreted the result as a decisive victory for municipal ownership. Judge Dunne had the distinction of receiving the greatest vote ever cast in Chicago for a candidate for the office of mayor. He was given 161,659 votes out of a total of 322,373.

Mr. Harlan, the republican candidate, received 137,411; Collins, the socialist candidate, 20,328, and Stewart, prohibition, 2,980. John F. Senak, the republican candidate for city attorney, was re-elected over his democratic opponent by nearly 15,000 votes. The other candidates on the democratic ticket were elected by pluralities somewhat smaller than Judge Dunne's. Frederick W. Block was elected city treasurer, and Adrian C. Anson city clerk. The new city council will probably be republican. In the city election two years ago Harrison, democrat, defeated Stewart, republican, by 7,660 plurality. The city, however, was carried by the republicans in the presidential election last fall by heavy plurality.

The St. Louis municipal election yesterday marked one of the most heated political contests in years. The polls did not close until 7 o'clock and the returns came in slowly. At midnight returns from 280 out of a total of 405 precincts showed for mayor: John A. Talley (rep.), 24,615; Rolla Wells (dem.), 24,029. Elections were held in the larger cities of Kansas yesterday. The democrats carried Kansas City, Kan., and Leavenworth, this being a revolution and entirely unlooked for in each case. Topeka elected a republican ticket.

In Wisconsin yesterday the following cities elected republican mayors: Racine, Whitewater, Sparta, Oakshank, Fox Lake, and Virgo. The following cities elected democratic mayors: Berlin, Lacrosse and Monroe.

Friends of Senator Martin appear to be pleased with Gov. Montague's speech. From what can be learned it could not have been surpassed as a campaign utterance designed to help the Albenmarle statesman. Senator Martin, who is at his headquarters here, is meeting many callers and giving all the time he can spare to his correspondence, which has grown to enormous proportions.

Colonel S. M. Newhouse, Captain Edwin Gibson, Lieutenants Edwin Stanger, Kirby and B. C. Waite, all of Culpeper, were callers at the headquarters of Senator Martin today. The gentlemen are enthusiastic in their support of the senator and say that Culpeper county is certain to go for him. They place the majority at 500 to 700.

"If Martin has in twelve years accomplished as much as he has while a messenger and runner in the departments," said Col. Newhouse, "it seems to me that the proper thing for the people of the State to do is to reward the faithful, diligent and loyal and promote him to the Senate. You can print that for me."

Colonel Newhouse says that he is confident that Culpeper will go for Willard for governor, Ellyson for lieutenant governor and that Colonel Culp will be close to Mr. Ellyson in the wind-up.

"And just add it here for me," said B. C. Waite, a business man from Culpeper, "and say that Swanson is going to carry Culpeper, Colonel Newhouse to the contrary. Swanson will get 600 majority."

Terrific Explosion.

In a terrific explosion which blew to pieces one of the brick buildings of the Union Metallic Cartridge Company at Bridgeport, Conn., shortly before the close of the day's work yesterday three men were instantly killed. Great crowds gathered, and in the panic that followed women fainted and made frantic efforts to get within the walls surrounding the plant, as it was reported that many lives were lost. They were held in check, however, and the employees in the other buildings made their escape in safety.

The apparent horror of the situation was increased by the breaking out of fire and the appearance of ambulances and morgue wagons which rattled up to the factory. A few moments after the explosion occurred the fire department arrived on the scene and succeeded in checking the flames quickly.

The only man in the building at the time—John Henry—was blown through the roof with a mass of debris and came down dead. Two helpers, Michael Hurley and William Baylis working near the building, also were killed.

The explosion occurred in the dry-house, where primer caps are dried on long steam pipes. In some manner one of the caps was discharged and the explosion followed. The foundation of every building was shaken as if by an earthquake, and the explosion was felt in houses within a radius of a mile. Superintendent Ryland said last night that the loss to the company would be about \$30,000.

Mrs. Percy Condy, aged 28 years, of Patchogue, L. I., while walking with her husband in Fairmount Park, Philadelphia, this morning, shot herself in the head. She is said to be demented. She is in the hospital and will probably die. Her husband is under arrest.

Virginia News.

The Garrison homestead, near Garrisonville, in Stafford county, owned by Auditor John W. Garrison, of the District of Columbia, was destroyed by fire Monday night.

Arthur F. Pitkin, son of the millionaire president of the American Locomotive Company, was married at Grace Street Presbyterian Church, Richmond, yesterday, to Miss Elsie Hartman.

Miss Sallie Osburn, daughter of Decatur Osburn, of Purcellville, Loudoun county, was married yesterday afternoon to Samuel Milton Chiles, county treasurer of Frederick county, and a resident of Winchester.

Messrs. Davis & Davis, Washington patent attorneys, report the grant this week, to citizens of this State, of the following patents: Chester A. Wilson, of Pleasant Valley, for a sawmill set-work; Craddock-Terry Company, of Lynchburg, a label for shoes.

The cornerstone box of the Pine Street A. M. E. Church at Suffolk was robbed Monday night. Thieves went beneath the building and pulled out the box from the inside. A few coins and curios were taken, but the Bible and the rest of the contents were left beneath the building. No arrests have been made.

The vestry of Christ Protestant Episcopal Church on Monday extended a call to Rev. Edward Temple, pastor of the church at Waco, Tex. Mr. Temple is a Virginian by birth, and has held a number of charges in this State. Christ Church has been without a rector since Rev. Nelson P. Dame accepted a call to the church at Ossining, N. Y.

The Capitol Rebuilding Commission has been called to meet in the governor's office in Richmond on Friday to consider the awarding of the contract for the right, heat and power plant to be erected in connection with the Capitol. Work on the Capitol is progressing rapidly, and it will probably be ready when the legislature meets there in regular session next January.

A Dangerous Lunatic.

An insane man who gives his name as J. Everest Worthington, whose former place of residence the police have been unable to learn, has been captured within the block of the State-house, in Topeka, Kansas, where he was going to kill Gov. E. W. Hoch. The man was unarmed, but he is of a powerful build and undoubtedly would have handled the chief executive roughly had he not been intercepted. Worthington is now in the county jail, and will be sent to an asylum.

Communication with the man is held by means of written questions and answers, as he pretends to be deaf and dumb. In answer to a question in regard to what his purpose was for the governor, Worthington said: "I was inspired by Pyrrus, the god of fire, to come to Topeka and kill Gov. Hoch. I have sworn eternal vengeance against all state-men who pretend that they are self-made men. If it had not been for his officer who captured me, Gov. Hoch would have been no more, for when I was at present, I was my way to the Capitol to kill him. One who has risen from obscurity to a high place is the worst enemy of the impetuous gentle. Therefore I hate Hoch."

Worthington dresses well and has the appearance of a man of intelligence. He is tall and strong and has red hair and blue eyes.

January and May.

A romance begun at the telephone switchboard in the Grand Union Hotel in New York last fall is said to result in the marriage of Miss Anna Bennett, aged 22, formerly operator there, and E. R. Whitney, a Montreal capitalist, 50 years her senior, well known in the Wall Street district, and said to be worth \$20,000,000. It was through a request for a telephone exchange in the hotel that the two became acquainted with the girl. The calls became frequent, and the acquaintance grew. There were dinner and theater parties, and finally last week he asked the all-important question, and she said "yes."

She resigned from the service of the telephone company Saturday. On the same day Mr. Whitney left the hotel and moved to the Hotel Astor, where he is at present. At the Astor yesterday Mr. Whitney acknowledged the engagement, although he said he would have preferred to keep it quiet for the present.

"It will be my second marriage," he said, "my first wife having died two years ago. I was always opposed to the idea of second marriages, but I had not met Miss Bennett then. It is true there is a great difference in our ages, nearly 50 years, but she does not object, and neither do her parents. I regard my wife as a treasure, and I am sure she will be a lucky wife. With her husband she will take an extended tour of Europe."

Wedding.

Harry Kendall Thaw and Miss Evelyn Florence Nesbit were quietly married 6 o'clock yesterday evening at the home of Rev. William McEwan, pastor of the Third Presbyterian Church. No announcement of the wedding had been made, and none but members of the two families were present at the ceremony. The witnesses were Mrs. William Thaw, the groom's mother; his brother, Josiah Thaw, and Mr. and Mrs. Charles J. Holman, stepfather and mother of the bride. The wedding dinner was partaken of at Mrs. William Thaw's residence, after which the newly wedded couple left on their honeymoon, presumably going east. The groom has been before the public and several occasions and is well known. His father, William Thaw, was one of Pittsburgh's foremost millionaire business men, and prominently connected with the early development of the Pennsylvania Railroad. Miss Nesbit is the daughter of Wingfield Scott Nesbitt, a former well-known Pittsburgh attorney, who died a number of years ago. Her mother recently married Charles J. Holman, a broker, in Pittsburgh. Miss Nesbit several years ago was a light opera singer.

Full of Tragic Meaning.

Are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from this terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. I may as well have been in a state of depression and despair as I was. On the contrary, he follows his usual avocations. Nothing that has transpired seems to have had any effect on his spirits. This only confirms the view that never was a man more unfit to be the autocrat of an empire."

Today's Telegraphic News.

The Chicago Election.

Chicago, April 5.—Judge Edward F. Dunne, democrat, defeated John Maynard, republican, for Mayor, Tuesday, by a plurality of 24,454.

At the same time, the voters of Chicago were electing a democratic mayor, they chose a city council more strongly republican than has sat in the city hall for years. The political complexion of the body is:

Republicans, 37; democrats, 32, and independents, 1.

Mayor-elect Dunne, within an hour of the knowledge of his elevation to the city's chief office, proclaimed that he was confident of giving the people the municipal ownership of their street railroads by the end of his two-year term of office.

From a survey of the new city council membership, as regards probable action on municipal ownership of street railroads, friends of the corporations today assert that they are not fearful of the results of any legislation that may come before the councilmanic body. In fact, it is asserted in some quarters that despite Mayor-elect Dunne's militant programme, the council will be a sane neutralizing agent. Practically the same men who were in control of the last council will retain control of the next one. There will be no radical changes in the important committees and no important shifts in matters of policy.

Russia's Internal Troubles.

Berlin, April 5.—Dispatches received from St. Petersburg indicate that despite the official denials of serious trouble, the internal difficulties of Russia are fast approaching a crisis. Preparations for armed resistance are being made in the Caucasus and an army is being raised to oppose the troops. The rebellion is spreading throughout the entire region. It is reported that 10,000 armed rebels have gathered in the mountains and have elected a king. Eight thousand revolutionary workers from Batoum, Baku, and Poti are on the way to reinforce this force. Sixty-thousand rebel contingents numbering 2,000, 1,600, 1,500, 1,000, 900, and 400 men, respectively, are operating in different parts of the Caucasus. The plan is to bring all the revolutionary forces together in the mountains. If this can be accomplished it would give the king an army of over 25,000 men. The present government cannot spare more than 5,000 men to oppose the revolutionaries. Military authorities express the opinion that in view of the spread of the rebellion, it will take a decade to fully pacify the Caucasus again. The workmen at Batoum and Poti have exacted a six-hour work day and unprecedented rates of payment for their labor. They are complete masters of the situation. Serious trouble in these districts is anticipated.

The Earthquake in India.

Lahore, British India, April 5.—Reports which are coming in from the hill stations constantly increase the list of casualties and the figures as to the amount of damage done by the earthquake yesterday. Exact figures are not yet obtainable, but the number of deaths is sure to be large. The destruction of the native houses in the districts affected was general. Last night many women and children were forced to sleep in the open air, and suffered greatly from the frost and cold. There is a lack of food at Delhi and Simla and other cities are similarly affected. Great havoc was wrought at Dharmasala, a hill station. The native quarter was entirely obliterated, and almost the entire population was buried in the ruins. Most of the houses in the European quarter were wrecked and nine deaths have been reported. The town is located in the Punjab province and had a population of between 5,000 and 6,000. Those of the natives who escaped are sleeping on the hillside. Indescribable havoc was wrought in the town. There is a total lack of medical aid or of food and the distress is unparalleled in the history of the country. A special relief party was sent out this morning to assist the survivors.

Suit for Divorce.

New Brunswick, N. J., April 5.—The announcement here today that Dr. Wm. M. Moore had instituted divorce proceedings on statutory grounds against his wife, created much surprise. Mrs. Moore, who was formerly Miss Hattie Slack, daughter of Dr. C. M. Slack, formerly surgeon general of the Third Regiment, National Guard and her husband named several weeks ago. She is now at her father's home in Towson, Md. Moore was a bank cashier a former resident of this city, as co-respondent. A strange coincidence in the case is that the name of the cashier's sister was connected with that of the Doctor by gossip at the time he and his wife separated. The suit involves the custody of their child, a girl eight years old.

The St. Louis Election.

St. Louis, April 5.—Mayor Rolla Wells was elected yesterday, his plurality being 1,425. The democrats elected 26 of the 45 officers for whom the people balloted exclusive of the Board of Education. The democratic ticket for the principal executive officers prevailed, such as the president of the Board of Public Improvements and president of the City Council and a few minor offices. The republicans elected all but one councilman. Of the House of Delegates membership the democrats secured nineteen and the republicans nine. The charter amendments proposition to increase the debt by issuing bonds to the amount of \$8,000,000 was overwhelmingly defeated.

The Canal.

Birmingham, Eng., April 5.—The Post says it is in a position to state that negotiations have commenced between the British and American governments affecting the future of the Panama canal. It is possible that when the canal is completed questions will arise as to the diversion of trade from Cuba and the West Indies, which at present are used largely as depots for the distribution of manufactures among the ports on the mainland, and the negotiations deal with such matters.

Russians Driven Out.

Tokio, April 5.—A dispatch received from the headquarters of the army in Manchuria says: "A part of our force from Changtu drove off the Russians occupying Tushu, two miles north of Changtu and Suniencheng, nine miles west of Tushu, on Monday, and occupied both. After driving off the Russians in the neighborhood of Suniencheng, at noon on Tuesday our force reached the vicinity of Santsaku forcing 500 Russian cavalry to retreat and disperse."

The Kaiser at Naples.

Naples, April 5.—Kaiser Wilhelm arrived here this morning on board the Hamburg. The Imperial yacht Hohenzollern was awaiting his majesty and the emperor at once went on board where he received the Duke of Aosta, the German Ambassador and the civil and military authorities. King Victor Emmanuel will arrive here tomorrow to meet the Kaiser. He will be entertained at dinner on board the Hohenzollern. In the evening the sovereigns and their suites, will attend a performance of "Bohemi Berlin," at the San Carlo Opera House.

The President in Kansas.

Parson, Kan., April 5.—President Roosevelt and party arrived in this city at 7:36 o'clock this morning, four minutes ahead of time, and made the only stop in Kansas, here, while the engines were changed. Fully 5,000 people had gathered at the station and anticipated seeing the President. Two minutes after the train stopped, the President appeared in his private car, and was greeted by cheers. The President continuously bowed and stepping to either side of the platform, said: "My friends, I am glad to be able to greet you. I am glad and proud to be able to greet a Kansas audience. This is a great State, a State with almost unlimited possibilities. I have always had a warm spot in my heart for Kansas, and especially since you people showed your confidence in me by giving me such a magnificent majority last fall. You Kansas have always performed your duty as citizens all along the line. It is not possible for any man in any position to do any more. When a man does the best he can, he has done well, no matter how little he may accomplish." Pointing to a gray haired veteran near him, President Roosevelt continued: "There stands a man who served his country in the civil war. He did his duty and did it well. That is what a citizen can do. It is what I am striving to do, and that is all any of us can do."

Dynamite on the Track.

Sedalia, Mo., April 5.—Several sticks of dynamite were found near Monroe, Mo., yesterday, on the tracks over which the presidential special passed early today. Track walkers picked up three sticks of the explosive which were lying between the rails. A short distance away some boys found more of the dynamite. The greatest precautions are exercised now. Efforts are being made to hush the matter up. After seven o'clock yesterday no one was allowed on the right of way. About 150 men were on duty on the tracks and switches during the night.

The Nan Patterson Trial.

New York, April 5.—The third trial of Nan Patterson, charged with the murder of Charles George Goff, according to the announcement made at the District Attorney's office this morning, the grand jury had before them this morning John R. Patterson, father of the chorus girl, for over an hour and a half. Mr. Patterson was brought before that body on a subpoena issued soon after the receipt of the mysterious letter signed "H. L." found among the effects of J. Morgan Smith and his wife, sister of Nan Patterson, when they were arrested in Cincinnati. What significance the calling of Mr. Patterson might have as well as the call of Mrs. Young, the widow of the dead man to Assistant District Band is not clearly conjectured. It is known however, that Mrs. Young called at the earnest request of the assistant district attorney, and it is believed was for the connecting the handwriting of the letters with that of persons whose names have already been mentioned in the case.

King Edward's Visit to France.

Marseilles, April 5.—The British royal yacht Victoria and Albert, with Queen Alexandra and her party aboard, arrived here this morning. Salutes were exchanged between the yacht and the forts on the land. The vessel anchored in the National Basin and Mr. Guesley, the British consul, greeted the queen on board the yacht. A police guard was stationed on the quay, but no troops were called out.

Marseilles, April 5.—As a measure of precaution during the visit of King Edward, the principal known anarchists have been arrested and imprisoned temporarily. Others as well as suspected revolutionaries are being closely watched by detectives. Applications of journalists for a photograph of the royal visitors were refused.

Killed in a Duel.

Berlin, April 5.—The first duel having a fatal termination which has occurred in Berlin since 1900 was fought today in Hohenheide Park, the center of the city, between Baron Koblenz and Herr Hilpitts, an engineer. Pistols were the weapons used, the duels standing fifteen paces apart. Under the terms the combatants were to continue firing until one should be disabled. Baron Koblenz's first bullet pierced Hilpitts' stomach and liver, inflicting a mortal wound. The injured man was conveyed to a hospital, where he died two hours later. A difference of political opinions led to the duel.

Alexandria Gazette.

WEDNESDAY EVENING, APRIL 6, 1905.

Local Matters.

Sun rises tomorrow at 6:37 and sets 6:29. High water at 8:24 a. m. and 8:47 p. m.

Weather Probabilities.—For this section cloudy and threatening tonight, probably without rain; colder. Thursday fair, fresh north to northeast winds.

A Valuable Contrivance.

A successful test of a submarine signaling apparatus was made yesterday in the river opposite this city. The purpose of the system is to enable seamen to locate the position of other vessels in heavy weather and to avoid collisions with other ships when the weather conditions prevent observation. The device has been made by the Light House service. To the officers of that service the device has appealed strongly, the principle being simply that of carrying the sound of two stones knocked together under water. The water carries the vibrations, which are taken up by the delicate receiving apparatus on the vessel. The tones of the bell may be heard at a distance of ten miles or more, so that, with a bell operated from a light vessel and rung at regular intervals by steam power, the light vessel may be located within a point or two in the densest fog. The Light House Board has placed ten of the devices upon as many light ships along the Atlantic coast. Naval officers who have inspected the apparatus believe it will prove of great value to the department in time of war, for by its use sailors or coast defenders could detect the approach of submarine boats or torpedoes at night or in the densest fog.

New Paper.

"Knighthood," a neatly-printed little weekly paper, published in the interest of the Knights of Columbus, has made its appearance. It contains many things of interest to the organization, as well as to members of St. Mary's Church and those of the various auxiliary societies. Messrs. Charles T. Hellmuth, Edward A. Gorman, M. D., Richard L. Carne, Jr., committee on publication, have charge of Knighthood. The first number contains an interesting reminiscence entitled "The Oldest Grave"—that of Calvin Box, who died in this city in 1797, and whose remains were interred in St. Mary's cemetery.

The Kindergarten.

The monthly meeting of the Alexandria Free Kindergarten Association was held last evening at Mrs. Edward Stabler's residence. Several members were present. It was decided to hold the annual meeting the first week in May. Several interesting speakers will address the meeting. The following contributions were gratefully received: Mrs. R. M. Reese, \$200; G. W. Wm. Ramsay, Mrs. Wm. J. Booth, Mrs. W. J. Booth, Jr., Mr. S. H. Lunt, Miss Mary H. Lunt, Mrs. B. Wheatley, Mrs. J. M. Hill, Mrs. E. B. Stabler and Miss Annie Chandler, one dollar each.

Dredging the Channel.

The dredge Kennedy, owned by the Maryland Dredging Company of Baltimore, which is engaged in deepening the shoal spots in the river channel between this city and Washington, is employed in cutting away a bar which has been making for several years across the channel about midway between the old fertilizer factory and the United States naval powder magazine at Bellevue, D.C., a short distance north of Alexandria. The dredge is one of the endless bucket type and is accomplishing much toward deepening the channel.

The Fishery.

Conditions at Fishhook this morning were practically unchanged from those of yesterday. The receipts had not materially increased and prices were about unchanged. Shad were said to be firmer, although they are becoming more plentiful daily. Numbers are now being caught at the southern end of the District of Columbia line (Jones's point), and the gillers are hauling them about the straits at moderate prices. Fine buck shad, but a short time out of the water, can be procured for 25 cents, while the roe shad are sold at slightly higher figures.

Divorce Declared to Be Valid.

Decision has been announced from the Circuit Court at Towson, Md., declaring valid the divorce secured by Mrs. Mary McDonald Knapp (now Mullan) in South Dakota. Her former husband, Alexander P. Knapp, clubman and lawyer, instituted a suit for divorce in the Maryland court in order to test the validity of the South Dakota divorce, which some states have refused to recognize. Mrs. Knapp is now Mrs. Frank D. Mullan and resides in Washington. She is the daughter of the late Raleigh Thomas, of Baltimore.

Police Court.

There was but one case before the Police Court this morning, that of a King street merchant who had been cited to appear to answer the charge of obstructing his pavement with goods. He was dismissed.

Benjamin Thomas, colored, was arrested this morning by Officer Roberts charged with assaulting Maggie Bell, colored. His case will come up tomorrow.

Caving in of Pavement.

Mr. Charles Griffin, Jr., had a narrow escape from serious injury this morning while standing on the pavement in front of his store in the Braddock House building on Fairfax street. He was near a manhole when about a square yard of the pavement fell in, carrying him into the cellar with the debris. Fortunately he escaped with some minor bruises and scratches.

Stereopticon Lecture.

Mr. W. H. H. Smith, of the Navy Department gave a stereopticon lecture on "The New Navy," at the Opera House last night, 150 illustrations being used. The lecture was for the instruction of the night school boys. The attendance was large and all who were present were greatly interested in the pictures and lecture.

Spring Goods.

Messrs. J. A. Marshall & Bro. have received a fine stock of boots and shoes for the spring trade. This house has long been one of the first in the boot and shoe trade of Alexandria, and the goods they sell enjoy a well-earned reputation.

Personal.

Col. J. S. Mosby was in this city yesterday evening and called upon many of his old friends who were glad to greet him.

Miss Alice B. Chinn, who has been visiting Miss Donna Foster, of Baltimore has returned to her home in this city.

Mr. Hugh S. Crockett has returned to his home after a short trip to Baltimore on business.

Miss Bessie Jones is visiting Mrs. Columbus Schriver, in Baltimore.

Mrs. Mary Randolph Simpson, widow of Dr. Robert L. Simpson, of Fairfax county, is critically ill at the residence of her daughter, Mrs. Craig, No. 322 Queen street.

Rev. Father Coleman, of Fredericksburg, conducted the services in St. Mary's Church last night and Rev. Father Walters, of Manchester, preached the sermon.

Rev. James L. Vance will preach in the Second Presbyterian Church tonight.

Commonwealth's Attorney Gardner L. Booth has decided not to be a candidate for re-election; but it is hoped that he may be induced to change his mind.

Mr. Hubert Hoy is quite sick at his home on Prince street.

Mr. John V. Hoy has gone to Pittsburg.

Mrs. J. L. Libbey, on her way from the South, is the guest of Mrs. M. P. Greene, prior to her return to Lynn, Mass.

Mrs. C. B. Marshall has gone to Wilmington, Del., to visit friends.

Mr. A. A. Lipscomb, of the county, against whom an indictment was brought in Washington on Monday for alleged withholding of funds belonging to the Washington Benevolent Endowment Association, was in the city today on his way to Washington from the South, where he has been spending the past few weeks. Mr. Lipscomb's friends here say that they believe his only offense will be shown to be negligence in the management of the affairs of the association.

Change in the Weather.

The warm weather of yesterday culminated in rain, thunder and lightning last night. There were several copious showers, and at times the wind came in heavy blasts from the northwest. The weather today has been rainy with a lower temperature.

Funeral.

The funeral of the late Mrs. Ophelia Mills took place from the residence on Lee street, between Prince and Duke, yesterday evening, and was attended by numbers of relatives and friends. The services were conducted by Rev. Mr. Carpenter, of Grace Church.

LOCAL BREVITIES.

Mr. S. H. Lunt has sold to Mr. T. C. Howard the house and lot No. 317 Cameron street.

The schooner B. R. Speedin, from Norfolk, with laths for Smoot & Co., has arrived.

A marriage license was issued in Washington yesterday to William M. Reardon, Jr., of Alexandria, and Lulu C. Cox.

Messrs. Proctor & Evans have received the contract for the interior adornments at Mr. Joseph Drew's restaurant, on King street.

At the meeting of the Alexandria Light Infantry next Monday night an election will be held to fill the place of second lieutenant in the company.

Mr. J. D. Knight, contractor, will build a stable and remodel the house in the alley bounded by King, Prince, Columbus and Alfred streets.

It is announced that the Chesapeake and Ohio canal will not be opened until May 1. Heretofore the waterway traffic has been resumed as early as March 15, but for some unexplained reason the opening will be forty-five days later this season.

Mr. William H. Cox at his restaurant, southeast corner of Cameron and Fayette streets, dispenses Abner & Drury's filtered soft water. This is the only place in the city where this excellent grade of beer can be obtained.

Fried clams, 30c per dozen. Soup every day. Messrs. H. Zimmerman, Market Space.

Don't Borrow Trouble.

It is a bad habit to borrow anything, but the worst thing you can possibly borrow, is trouble. When sick, sore, heavy and weary, do not let your mind be troubled by the thought of what you eat, cure indigestion and all stomach troubles. You forget you have a stomach problem. You forget you are taking in food. This is because it gets accreted and gradually grows so strong and healthy that it troubles you no more. Sold by W. F. Creighton & Son, 224 Queen street.

Sciatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," says E. H. Waldron of Milton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by Gibson & Timberman and W. F. Creighton & Co.

Notice—J. G. U. A. M.

The members of ALEXANDRIA GOUNCIL No. 33, are requested to meet next THURSDAY EVENING, April 6th, at 7:30 o'clock p. m., for the purpose of considering certain changes in the by-laws. By order of the Council.

WHO CAN VOTE IN NOVEMBER.

John S. Eggleston, the assistant to the attorney general of Virginia, has made the following digest of the provisions of the law pertaining to qualifications for registration and voting and they are here set forth for the guidance of the officers and others who are concerned in such matters:

1. A man, who has been duly registered under the new constitution may vote in the November election this year, provided he has, at least six months before said election (that is to say, not later than Saturday, May 6), personally paid all State poll-taxes assessed or assessable against him for both 1903 and 1904. "Personally paid" means that a man has paid said taxes with his own money. No taxes of any kind or description are required to be paid as a prerequisite to the right to vote except the State poll taxes referred to.

2. There is one exception to the above requirement, viz: A veteran of the civil war (or a veteran of any other war) may register and vote, without paying any kind of taxes whatever for the privilege of so doing.

3. A man, who has not been duly registered under the new constitution, may now be transferred (provided, of course, he is qualified in all respects) upon paying all State poll-taxes assessed or assessable against him for the three years 1902, 1903 and 1904. After being registered, he will be entitled to vote in the November election this year, provided he has paid the poll taxes for 1903 and 1904 were personally paid not later than Saturday, May 6.

4. There is one exception to Class No. 3, viz: If a man has reached the age of 21 since Feb. 1, 1904, or will reach the age of 21 before the November election, he may (provided, of course, he is qualified in other respects) be registered after he has paid to the treasurer \$1.50. The amount so paid will be in full settlement of the first State poll-tax assessable against such young man. This sum must be paid before he may be registered. After a young man is registered, he will be entitled to vote in the November election.

Every man will find the poll-tax requirement governing his case explained in one of these fact-sheets.

Divorce Suit in Winchester.

A sensational suit for divorce, involving a prominent person of Winchester, was filed in the Circuit Court in that place yesterday, when Mrs. M. Ada Savage sought an absolute separation from her husband, Ralph Savage, a former wealthy and prominent business man of Winchester. They were married in 1895, and subsequently Mrs. Savage secured a divorce from her husband in 1897. They were remarried March 22, 1898. Mrs. Savage's grounds for divorce are alleged unfaithfulness on the part of her husband, and she names a Baltimore woman as co-respondent.

Mrs. Savage in her petition says that in August, 1904, she joined her husband in Baltimore and sailed from that port with him for Atlanta, Ga. The Baltimore woman was a passenger, and it was at the beginning of the voyage to Savannah and thence that the woman first figured. The bill says that the plaintiff, as soon as the woman was discovered on board the ship, asked the captain to put back. This the captain declined to do, and the plaintiff was compelled to make the journey to Savannah. She returned to Baltimore by rail, and later to Winchester. She says her husband's attentions to the woman were most marked during the trip.

Mrs. Savage asks the custody of their little daughter, but does not seek alimony, as she says she knows that her husband is a bankrupt. Mrs. Savage's claims she does not know the present whereabouts of her husband.

An order was entered yesterday restraining the defendant from exercising any marital control over the plaintiff from interfering with her personal liberty and from taking into custody his young daughter.

The Blue Light Anesthetic.

Professor Redard, of Geneva, Switzerland, has discovered that the blue ray of light may be used without danger as a means of conducting painless surgical operations. By this means there is absolutely no injurious effects, and the patient is sure to become conscious as soon as the blue light is removed. The outfit necessary for this process is an ordinary 16 candle power electric light with a blue globe, which is held about six inches from the eyes of the patient, both head and light being wrapped in a blue veil to prevent the intrusion of white light. The patient at once drops into a sort of hypnotic sleep, from which he awakens as soon as the light is removed. A similar effect is produced in a lesser degree by green and violet lights. It is found that the process is improved by having music throughout the operations.

Old Fleet Sold at Auction.

An unusual auction sale occurred at Chatham, England, dockyard yesterday, when 31 obsolete British war vessels were sold to the highest bidder. The total realized was \$690,800. The lots included 13 cruisers, among them being the Warwick, Northampton, Galathea and Australia, two torpedo boats and the training ship Exmouth. The terms of sale provided that some of the vessels could be sold to a foreign power. All of them must be broken up within 12 months. The ships sold represented an original outlay of \$15,000,000.
